

Stay Informed

Using cutting edge mobile technologies and innovative systems Express Glass helps you maintain control and awareness of your jobs.

Are you being kept informed of the status of your jobs in a systematic and efficient way?

Using the latest in mobile technologies Express Glass can provide you with real time updates. We can tell you when our glaziers arrived at your premises, what OH&S steps they took, any difficulties they encountered and when they completed their work.

We have an innovative reporting system that will create the reports you want to see. Whether you want to know periodic spend, where the majority of your jobs are occurring, Express Glass response times or more, our new reporting package has the answers when you want them.

Our trained service staff can log on to your systems and update you on the status of your job electronically.

all day, all night, all over Australia

To talk to someone about how Express Glass can help you with your emergency glass and glazing, call us on 1300 666 234 or email service@expressglass.com.au.
